The North Platte Daily Record, Ellingham & Williams publishers and Frank Williams editor, made its initial appearance last evening. It is neat in appearance and reflects creditably upon editor and publishers alike. We admire the enterprise displayed and wish the venture financial success.

E. F. Seeberger informs us that the improvements at the head of the North Platte canal will be completed this week. The head-gate of the ditch has been widened sixteen feet and the wing dam extended and increased in strength. At present there are about a dozen men employed on the improvements.

Neal went up to the White Plains school house in Myrtle precinct last Saturday evening and debated the Cuban question, the former holding that the United States should recognize the insurgents as belligerents and the latter denying. The judges gave a decision in favor of Mr. Ridgely. There was a large crowd present to hear the debate.

Data furnished by Observer Percy shows that the average temperature for December during the past twenty-one years has been twenty-seven degrees. The coldest December was in 1879 and the warmest in 1889. The coldest day during any December was the day before Christmas in 1879 when the mercury dropped down to twenty-seven below zero. As a rule the snow and rain fall for December is very light, the average being fifty-nine one-hundredths of an inch. Last December there was but a

About five inches of snow fell in this section Sunday, and as the salvation of the "dry" farmer depends upon lots of snow and rain this winter, it can truly be said that Sunday's storm is encouraging.

The net receipts of the Cody Guard ball were about twenty dollars. The dance was not given for the purpose of making money, but rather to furnish an opportunity for lovers of the waltz to enjoy themselves and also to let the people know that Company E. is by no means a dead organization.

Street commissioner Morgan has the thanks of pedestrians for the promptness with which he had the crosswalks cleared of snow. This he had done not only on the business streets, but on many of the residence streets as well. Now if the commissioner will "jack up" those citizens who fail to clear their sidewalks of snow, people will say amen.

Appreciating a heavy trade this season, Clinton the jeweler has put in a choice stock early and people are already making their purchases for Christmas. If you can't find suitable presents at Clinton's you might as well give up the task of trying to find them. Never in the history of his business has his stock been so large and varied.

A dispatch from Woodstock, Ontario, gives the following news concerning a former North Platte lady: Miss Marion Campbell, a young lady twenty-five years of age arrived here last night after a two months' journey from North Platte Neb., a distance of 1300 miles. The entertainment by the Smith Sisters Friday evening was fully up to all expectations, and we believe that there was not one in the audience who did not thoroughly enjoy the singing and recitations. The audience present numbered about 300, but should this sextette visit North Platte again it is safe to say they would be greeted by a crowded house. The Y. M. C. A., under whose auspices the concert was given, came out a little behind financially.
